I think the Govt's views may be accepted viz— to ask the Govt: Continue to finance the existing institutions but need not be called upon to contribute towards institutions which may be newly opened. [The arrangement is perhaps in the nature of a compromise but it is a good compromise]

NOTE—Contn. sheet

General and Revenue Secretariat | File No 73 of 1928.

Serial No.

The hospitals or dispensaries have under Sub Rule 1 of Rule 44 to be maintained either from endowments the municipal funds, or by grants in aid (from municipal funds) No mention is made in these rules as to whether it is incumbent either on the Govt. or the Local Boards to make any contributions towards the maintenance of these hospitals or dispensaries.

From a reference to para 254 of the Municipal Account Code of 1910 (No later edition is available either in the Secrett. or Comptr's office Libraries) and idem 5 of App. 8 to this Code it is seen that Govt. contribute 50% of the pay and allowances of Medical Subordinates, and Local Boards make grants and contributions towards the medical expenditure of the Municipalities.

Whether the Contributions from the Local Boards are obligatory and if so subject to what conditions & restrictions grants-in-aid cannot be made out from the rules in this Code.

W In answer to the 3rd. members minute, I beg to point out that the question was discussed in 1920 - The Dt. Board Bangalore which protested against payment of contribution for the maintenance of L. F. dispensaries in the city finally agreed with the views of Govt. ~~since decided~~

The position as explained in the Govt. letter of 8.7.1920 is - The cost of all local dispensaries is shared by 3 authorities viz. the Govt., the Municipal Council ~~Com~~ and the Dt. Board con-cerned -

In the rural parts, where the bulk of the be-neficiaries from the medical institutions is drawn by the Village folk and the resources of the Muni-cipalities are slender, the cost (including the pay and Tas of the S. A. S which are met from Govt Revs) is charged to Dt. funds & Mthis in the proportion of $\frac{2}{3}$ & $\frac{1}{3}$.

The proportions are reversed in the case of the dispensaries in the 2 cities -

I do not think there is any inequality in this arrangement -

of the city owning lands assessed to Land revenue contribute to the D.B. Fund by way of local cess. It is an obligatory duty of the D.B. Board to provide for medical relief out of its funds. There is nothing ultra vires or inappropriate in the said body paying some contribution to the maintenance of a dispensary in the city.

Then again it cannot be denied that people from the rural parts often take advantage of the ~~contiguous~~ treatment afforded in the city dispensary.

The arrangement in Mysore under which the cost of all dispensaries is shared by 3 bodies seems to be reasonable.

Compared to Madras, the ~~state~~ quota now paid by Govt. is high and if the D.B. Boards are relieved of their share in the city, the amounts chargeable to Local Fund will proportionately increase. I do not think there is justification for altering the present arrangements, in the present financial condition of the State.

3 To The Senior Surgeon in Mysore.
No. G. 7950 Dt. 2.1.1929.
Invites his attention to G. No. 557/Med. 92-19-4 Dt. 8.7.1928. stating that the Distt. Board, Bangalore Distt. should continue to contribute towards the maintenance charges of all the dispensaries in the Bangalore City etc.

President. Distt. Board. Bangalore Distt.
Through the Deputy Commr. Bangalore.
No. G. 7951 Dt. 2.1.1929.
Forwards a copy of the above.

NOTE.—Contn. sheet

Letter No.A.71-126/28-29, dated 18th August 1928 from the President, District Board, Bangalore, to the Senior Surgeon in Mysore.

In forwarding herewith copy of resolution passed by the District Board at its meeting of 30th June 1928, re. the District Fund Quota towards the maintenance of Local Fund Dispensaries in the Bangalore City, I have the honour to state that the District Board is now paying a large amount as its quota towards the maintenance of these dispensaries in the Bangalore City. It has at the same time to meet the needs of people in rural areas, particularly in the direct of the proper upkeep of the existing and the opening of new Unani, Ayurvedic or Allopathi c dispensaries. The demand from rural parts is so great that necessity is urgenly felt for immediate action by the District Board to this end, and needless to state, this involves heavy expenditure.

2. The six dispensaries now receiving District Board contribution all lie within the Municipal limits of the City. They are as such beneficial to a large extent to people living in the City area. Very little use is made of these dispensaries by the residents of rural areas for whom as explained above, dispensaries are being maintained at places convenient to them. In the face of these facts and the inconvenience and stringency felt by the Board, if it should continue to contribute towards maintaining the six dispensaries in the city in addition to maintaining those in rural parts as also opening new ones it will not be possible to either maintain satisfactorily the existing institutions or open fresh ones in rural parts. I request you to kindly consider these circumstances favorably and recommend to Government for their early orders for the discontinuance of the quota paid by the District Board towards the maintenance of the six dispensaries in the City.

P.T.O.

No. 97950/G/1

To

The Senior Surgeon
in Mysore, Bangalore.

Sir,

With reference to the correspondence ending with your letter No C 499-3 dated the 17th Oct 1928 about the request of the Wt Bd, Bangalore Dt, to be absolved from the payment of contribution towards the

over

Cost of the upkeep
of the d.f. Hospitals
in the Bangalore city, I am
directed to ~~state~~ invite
reference to this office
letter No. 557 Med 92-19-4 (Copy forwarded for reference)
dated the 8th July 1928 explain-
~~ing the matter~~ ing how it is reasonable
that the D.B. Bangalore D.
should contribute towards
the maintenance charges
of all the Hospitals
in the Bangalore city.
I am to add that the
residents of the Bangalore
city own many lands assessed
to Land Revenue Contribute
to the D.F. Fund by way of
local cess and it is therefore an
obligatory duty on the
part of the D.B. Board
to provide for medical
relief out of its funds,
and thus there is nothing
